

LIPAN-KICKAPOO WATER CONSERVATION DISTRICT

P.O. Box 67, Vancourt, Texas 76955

CHANGE OF WELL USE

PERMIT AMENDMENT APPLICATION

CAUTION—This is a change of well use permit amendment application only. Approval / Denial of this request shall be made upon verification of the information contained herein within two (2) months from the filing date of this application. Any change in the withdrawal or use of groundwater without having first obtained a permit amendment authorizing the change voids the permit.

I certify that this well complies with all District rules and that: (Check one)

This well is located at least 280 feet from the property line and at least 330 feet from an existing well or authorized well site.

This well is located within 280 feet but not less than 50 feet of the property line and at least 660 feet from an existing well or authorized well site along the property line and at least 330 feet from other existing wells or authorized well sites.

(Check all that apply)

Property Drilled to Density

Well Use Change - Exempt to Non-Exempt

I understand and agree that an exempt well must comply with the District Rules for Spacing and Density for the District to consider a Change of Well Use application. I also understand and agree that since the property is Drilled to Density, I must plug one of the non-exempt wells and furnish the District the completed Well Plugging Report prior to both consideration of this application and the changing and re-equipping of the exempt well as a non-exempt well.

Well Use Change - Non-Exempt to Exempt

I understand and agree that since the property is Drilled to Density, I must either plug a non-exempt well or Request an Exception from the District Board of Directors to consider a Change of Well Use application in order to obtain a permit to drill a replacement well.

Property Not Drilled to Density

Well Use Change - Exempt to Non-Exempt

I understand and agree that an exempt well must comply with the District Rules for Spacing and Density for the District to consider a Change of Well Use application.

Well Use Change - Non-Exempt to Exempt

I understand and agree that for property that is Not Drilled to Density, the well must be either plugged, capped, or equipped so that it cannot produce more than 25,000 Gallons per Day.

Violation of any provision of the District Rules may result in the District enforcing these rules by injunction or appropriate remedy in court and may result in civil penalties not to exceed \$10,000 per occurrence per day as provided in Chap. 36.102, TWC.

(Continued on Reverse)

I hereby certify that I have read the foregoing statements, and that all information contained herein is true and correct to the best of my knowledge and belief.
